2	Singapore Health Services Pte Ltd (SingHealth)	<p>Research Project on "Building Empathy among Nurses"</p> <ul style="list-style-type: none"> • Research project to explore empathy in local cultural contexts, define key behaviours, identify success indicators, and develop workplace interventions to enhance empathy among nurses.
3	Lions Befriender Service Association	<p>Redefining Volunteerism</p> <ul style="list-style-type: none"> • This project aims to redefine volunteerism among neighbours by emphasising it as an action-driven practice rather than a pre-defined role. The goal is to foster stronger community bonds through active, spontaneous, and sustained acts of kindness and support among individuals in neighbourhoods. By shifting the focus from viewing volunteering as a formal or scheduled role to recognising it as everyday actions that contribute to the well-being of the community, the project seeks to encourage greater participation and a more integrated, supportive neighbourhood culture.
